Shaker Maple, Beech, Honey	Laminated MDF frames with melamine faced particle board centre panel
Shaker Maplewood	Solid Maple frame with Maple veneered centre panel
Shaker Natural Oak	Laminated MDF frame and centre panel
Shaker Naturalwood	Solid Oak frame with Oak veneered centre panel
Shaker Walnut	Laminated MDF frame and centre panel
Stratford Oak	Solid Oak frame with Oak veneered centre panel
Walnut Gloss	Laquered finish on MFC with 2mm edging
Walnut Gullwing	Laminated particle board with PVC edging on two edges

KITCHEN CHARACTERISTICS

Wood is a natural material with an endless variety of texture and grain. Variations are natural and whilst they may be evident on installation should diminish over a period of time to create a pleasant uniformity. Particular characteristics include random selection of grain and colour within doors.
